**Subject:** proposed water rate increase

**Arizona American Water**  
**W-01303A-10-0448**  
**In Opposition**

**Docket SW-01303A-09-0343**

As Corte Bella homeowners, we want to express our complete opposition to the rate increase as proposed. With what we already consider excessive fees in this area, as retirees in this community, an amount such as this is just not appropriate. This puts a severe hardship on fixed income retirees, which are most people in this subdivision.

**Docket W-10303A-10-0448**

Should an increase in the wastewater be required, it should be indexed to no more than the inflation numbers that are published by the government. An increase even close to the proposed 83% is not only absurd but borders on a completely irresponsible act.
